Dear Mr. Desserich and contributing members of the DIPG Collaborative,

On behalf of myself and the team working on this project, I am very grateful for your funding of \$233,311.86 (one third of \$699,935 total grant over 3 years) for our "Establishment of an International Diffuse Intrinsic Pontine Glioma (DIPG) Registry." Thank you for your generous support of this important registry.

- You are welcome to post this letter on your website as acknowledgement that the grant in the amount of \$233,311.86 (\$699,935 over 3 years) has been made to our study.
- The institutional human protocol (2011-2764: "DIPG Registry and Repository") is in place to continue to conduct this study indefinitely.
- Please see our attached W-9 form.
- For more information about the protocol and how to enroll please visit our website, www.dipgregistry.org, email our study coordinators at referrals@dipgregistry.org or call 1-877-349-8074.
- We agree that in all future published data, presentations, web pages, blogs or other references to the grant and supporters, the following parties are named as sponsors of the protocol in this order: "The Cure Starts Now Foundation, Hope for Caroline Foundation, Julian Boivin Courage for Cures Foundation, Abbie's Army, Michael Mosier Defeat DIPG Foundation, Brooke Healey Foundation, Reflections of Grace Foundation, The Cure Starts Now Australia, Soar with Grace Foundation, Jeffrey Thomas Hayden Foundation, Cure Brain Cancer Foundation, The Jones Family Foundation, Musella Foundation for Brain Tumor Research and Information, The Pray, Hope Believe Foundation, Benny's World, Smiles for Sophie Forever, Aiden's Avengers, Love, Chloe Foundation, A Cure from Caleb Society, Operation Grace White Foundation, Ryan's Hope, American Childhood Cancer Organization, Juliana Rose Donnelly Trust, Joshua's Wish, The Ellie Kavalieros DIPG Research Fund, Voices Against Brain Cancer, Wayland's Warriors, Shelia Jones & Friends and The DIPG Collaborative".

The International DIPG Registry exists and continues to thrive because of the Collaborative's very generous support and the partnership among many clinical and basic science investigators throughout the world. We are extremely grateful for your confidence in this endeavor. We look forward to continuing to work towards a better understanding of DIPG with the goal of contributing to finding a cure for this disease with support from this extraordinary collaboration.

Sincerely,
